

Restoring and Managing Longleaf Pine

Field Day and Workshop

Kisatchie Ranger District
Natchitoches Parish, LA

Thursday October 19, 2017
Registration at 8:00 AM

\$10 per person

**Includes BBQ lunch and guided
air-conditioned bus tour**

CFE Credits Available

This event is for private landowners,
silvicultural contractors, and
forestry/wildlife professionals
to learn about longleaf restoration and
wildlife management

Sponsored by:

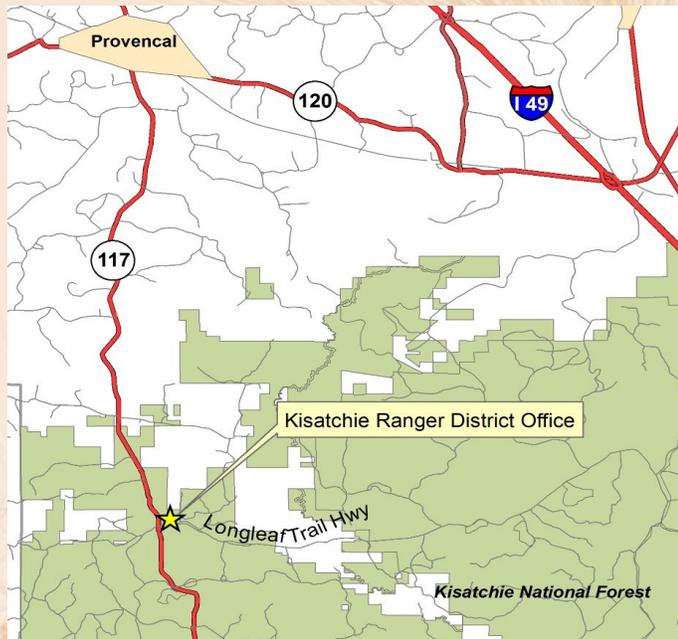

Restoring and Managing Longleaf Pine

Directions:

The Kisatchie Ranger District Headquarters is located on LA Hwy 117, about 25 miles north of Leesville, LA and 12 miles south of Provencal, LA.

The physical address for GPS purposes is:

229 Dogwood Park Rd
Provencal, LA 71468

Join us and learn how to restore Louisiana's native longleaf pine forests on your land.

A bus tour on Kisatchie National Forest will demonstrate forest conversion and establishment techniques that utilize prescribed burning, harvesting practices, herbicide applications, site preparation methods and seedling planting options.

After lunch, learn about state and federal financial assistance programs that can help restore longleaf pine on your properties.

The field day begins at the Kisatchie Ranger District headquarters, with registration from **8:00-8:45 AM**.

The workshop will begin at **9:00 AM** and end at **3:00 PM**.

We look forward to seeing you there!

****The deadline to register for this event is Friday, October 6, 2017****

Funding provided by National Fish and Wildlife Foundation, West-Central Louisiana Ecosystem Partnership, International Paper, and National Wild Turkey Federation

For more information on this workshop, please contact Chris Rice, The Nature Conservancy, (318) 237-5569, crice@tnc.org
